

EQUIP

Facilitator Expectations & Agreement

God's Word reminds us that those who teach will be placed in greater accountability. Not only do we need to ensure that we represent God's character and intentions accurately, we must check our hearts; that we also practice what we teach and will always bring glory to God, not to people.

We believe that people will be transformed as you facilitate the **EQUIP** Curriculum. We believe Holy Spirit will work through your life in powerful ways as you submit your life to Him in leading your group.

Please find below our expectations of you as you facilitate the **EQUIP** Curriculum:

1. **Integrity and character:** *hold yourself to a personal standard of truthful living in words, actions, and agreements. Reflect the character of Christ within the time of leading and beyond. Be honest when assessing your students for competency.*
2. **Humbly submit your heart & honor God:** *facilitate so that people's hearts are turned towards God. When you teach, we serve God first, then people.*
3. **Teach from the EQUIP module books:** *in order to keep a consistent standard for what is being taught we prefer that you do not introduce other curriculums.*
4. **Start and End on Time:** *Everyone is busy and appreciates their time being honored. Show respect to all by being on time.*
5. **Avoid arguments & distracting debates:** *we encourage healthy class discussions, but when it moves into people arguing we expect that you will bring order. Seek to maintain a culture of honor in the classroom amongst each other.*
6. **Be prepared and prayed up before class:** *always come prepared having personally studied the lesson you will be facilitating. Everything flows through the power of prayer.*
7. **Teach and Facilitate:** *it is important to keep in mind that you are teaching, but equally facilitating discussions. The goal is to help each student become competent in each of the 35 outcomes. Actively seek to involve all students because this is all part of the learning process. It is not just about you teaching.*
8. **Safe Place:** *maintain a class atmosphere where students feel safe to share their feelings and thoughts. Encourage all students to keep what is shared in the classroom.*

I agree to follow the above expectations as a Facilitator of the EQUIP Module Series.
